With this installation we delve deeper into the aesthetic and mechanical possibilities offered by the already used objects and materials that we recover. We have in mind to leave the parts found throughout the process as intact as possible and achieve a simple, resolute, safe and attractive assembly.

TECHNICAL REQUIREMENTS
Space approx. 150m2 without large unevenness.
Access for van and parking nearby.
Assembly time: 1 hour
Disassembly: 30 min.
Duration: from 3 to 6 hours.
